**If you READ THIS PAGE BEFORE ORDERING, it
may save some mistakes and misunderstanding.**

First: Our Guarantee. We absolutely guarantee safe arrival and perfect satisfaction in every way, and if on receiving the goods, or if anything develops later by which you feel that we have not given you full value, we will either replace the goods or **make other restitution satisfactory to you.** But remember, we are not perfect; we sometimes make mistakes, and in case of error, if you do not let us know and give us a chance to make it right, you are doing an injustice to us as well as to yourself.

If for any reason it becomes necessary, we reserve the right to change these prices, but if the price has advanced we will notify you before filling the order.

Unless you notify us to the contrary, if we are sold out of the particular variety ordered, we will substitute, but never with a cheaper variety.

If you want anything in seeds, plants or supplies not listed, write and ask us. We have many items for our own use, but for which the call is limited, and we will be glad to help you out.

We make a very liberal discount to Granges and other organizations, or for "Club Orders"; also to market gardeners. If you wish to take advantage of this write and let us know.

Special to Junior Project Workers: To any boy or girl having a Junior Project garden, or who wishes to grow any crop to feed to poultry or other animals under this department, we will furnish any seeds listed in our catalog except silage corn, at one half price. We do this as our small part in encouraging this work.

TERMS: Please send cash, check, money order or stamps, or if you prefer, **send one-fourth the amount,** and we will ship C. O. D. for the balance.

BARGAIN COUNTER

EVERYONE WHO IS SELLING GOODS HAS, OR SHOULD HAVE, A FEW SPECIAL BARGAINS TO OFFER AND OURS WE ARE PLACING ON THIS PAGE

First, we want to call your attention to a few items which we consider especially good:

KIRCHES IDEAL MANGEL—This we have imported for three years and without an exception every farmer growing it pronounces it the biggest yielder and the highest feeding value of anything he ever had. Page 4

EARLY SNOWBALL CAULIFLOWER—Good and early, a sure header and excellent quality. We can safely recommend it to anyone. Page 4

EARLY ROUND HEAD CABBAGE—Very early. We have sold heads July 3rd. Page 4

CORELESS CARROT—This is good size, fine flavor and altogether the best carrot we have ever seen. Page 5

EARLY PROLIFIC CUCUMBER—For the family garden or home market this is a wonder. A big producer, early, fine crisp quality. Page 6

R. P. H. PEPPER—For earliness, big yield and fine quality this is certainly the nearest perfection we ever saw. Page 7

BURBANK TOMATO—The quality of fruit, earliness and big yield shows what careful selection of seed will do, and we have been doing this for six years, selecting the best plants and the best fruit for seed. Page 8

ASTERS—Our Aster seed is grown by a specialist in California and for high germination and quality of bloom can't be beat. Page 10

AQUILEGIA—We have some of the finest colors in the long spur Columbines you ever saw. Page 15

DOUBLE HOLLYHOCK—We do not have a plant on the place of the single Hollyhock. We have the most beautiful giant doubles you ever saw in eighteen colors. Page 15

SWEET WILLIAM—If you can find a finer assortment of colors and better bloom you will do well. Pages 14 & 19

TRI-ALL COLLECTION—We want everyone to give our Burbank Tomato, R. P. H. Pepper and Early Prolific Cucumber a trial and so are offering a regular size packet of each, post paid, for 20c.

Many people realize that the packet seed they buy at the stores are not the best quality and are rather expensive, but they do not like to bother making out a list from the catalog. For those persons who want a good assortment of high grade seed at a reasonable price, we have made up a number of collections for various size gardens which we offer at special prices.

VEGETABLE COLLECTION NO. 1—This lot is for a very small village garden where only one or two people want a few fresh vegetables. There are Radish, Lettuce, Beets, Spinach, Cucumber, Corn, Wax Beans, Peas, Crookneck Squash and Onion Sets. Post paid for 50c.

VEGETABLE COLLECTION NO. 2—If your garden is a little larger, perhaps 25x50 feet, and you need a few more vegetables, we make up a little larger collection, the pack-

ets containing more seed and a larger variety. We add to those in No. 1, Green Pod Beans, Swiss Chard, Parsnip and Onion seed. This lot is 85c.

VEGETABLE COLLECTION NO. 3—In this collection we put enough to plant a fair size village or farm garden. All the varieties in No. 2 in good quantity; also Hubbard Squash and Turnip. This lot would cost at any store over \$2.00 and we send it post paid for \$1.50.

IF you are not perfectly satisfied with any collection we send, just write on a postal "Not satisfied" and we will send your money back and stamps to pay return postage on the seed.

POSEY BED COLLECTION—This contains ten varieties of flower seed, enough to make a very pretty showing in the garden and nice lot to cut. 25c

AMATEUR FLOWER BED—This has fifteen varieties, a good quantity of each, and makes a very pretty garden with a lot to cut all summer. 75c

GRANDMA'S GARDEN—There are twenty-five varieties in this lot and will give you about all you want to take care of unless you make a business of it. You will not only have flowers for yourself but plenty for your friends. \$1.25

EXHIBITORS' COLLECTION—We have made up this lot of choice show varieties for those who would like to exhibit a few at the fairs. If these are properly grown and properly exhibited, you can not help being a prize winner. \$1.00

Don't forget to ask for our discounts to large buyers and club orders.

PLANT COLLECTIONS

Our plant collections are all sent prepaid in their proper season.

PERENNIAL GARDEN NO. 1—Ten all different, strong one-year perennial plants, all of which will bloom this year and another year will make large clumps. Regular \$1.50 value for \$1.15

PERENNIAL GARDEN NO. 2—This lot also contains ten all different, and is intended for those who want larger plants, being two-year clumps. \$2.10.

PERENNIAL GARDEN NO. 3—This lot contains 25 plants in both the one and two year sizes and will make a very showy garden. There is an excellent variety blooming all summer and is a bargain at \$4.00.

HOLLYHOCK COLLECTION—We grow our Double Hollyhocks in large quantity and will send one each of 12 colors in good strong plants for \$1.50.

IRIS COLLECTION—We have a fine lot of Iris and can send you a wonderful lot of ten different for \$1.50.

ASTER PLANT COLLECTION—We will send 100 plants about June 20th, containing some of every variety for \$1.25.

GERANIUM COLLECTION—If you want a nice variety of Geraniums, a good way is to send for this lot of ten named varieties. These are strong, well rooted, and will make fine plants, Post paid for 85c.

VEGETABLE SEEDS

In our list of Vegetable and Flower seeds we have selected those varieties which, after thorough trial, have proven best adapted to our soil and climate. A variety which, under some conditions, is excellent in other places, is absolutely worthless and, with the exception of a few which we list as novelties, we can recommend every kind in our catalog. All seeds delivered at the prices quoted except in the case noted.

ASPARAGUS

Palmetto. Large, early dark green. Pkt. 5c; oz. 12c; ¼-lb 30c.

Washington. Extra fine quality, early, large stalks and said to be rust proof. Pkt. 10c; oz. 25c; ¼-lb 65c. Asparagus plants on page

BEANS

Webber Wax. Very early, big producer of large yellow meaty pods. Almost rust proof. Best for shipping and a fine home garden variety. Pkt. 5c; ¼-lb 12c; lb 30c.

Davis White Wax. Very hardy, a big producer, and the white seed can be used for dry beans but quality of pods is not so good as some. Pkt. 5c; ¼-lb, 12; lb, 30c.

Pencil Pod Black Wax. Extra fine quality round meaty pods. Fair producer. One of the best for home use. Pkt. 5c; ¼-lb, 13c; lb 33c.

Golden Eye Wax. Excellent quality, good producer. Fine general purpose variety. Pkt. 5c; ¼-lb 13c; lb, 33c.

Improved Golden Wax. An old standard variety, always considered good. Pkt. 5c; ¼-lb 12c; lb, 30c.

Early Six Weeks. An excellent very early variety. Pkt. 5c; ¼-lb. 14c; lb. 35c.

Giant Stringless Green Pod. Fine quality, a big producer, and the leader as a general purpose market bean. Pkt. 5c; ¼-lb 12c; lb 30c.

Long Fellow Green Pod. Long, round, tender, meaty pods. One of the best green snap beans for all uses. Pkt. 5c; ¼-lb 13c; lb 33c.

Black Valentine. Very early green pod snap bean. A big producer. Pkt. 5c; ¼-lb., 12c; lb. 30c; peck, \$3.25.

French Dwarf Horticultural. A large pod containing flat mottled seed, used when young for "shell beans". A big improvement over the old "Dwarf Bush" which we have discontinued. Pkt. 10c; ¼-lb. 15c; lb. 40c.

Kentucky Wonder Pole Bean. Long, slender green pod, excellent when young as snap beans and the dry beans are a wonderful rich flavor. Pkt. 10c; ¼-lb 15c; lb 40c.

White Kidney. For quality this has all the other baking beans beaten. Is a big producer and a profitable variety to grow. Pkt. 5c; ¼-lb 10c; lb 25c.

Red Kidney. A large, red bean very rich in flavor and a good producer. Pkt. 5c; ¼-lb

Navy or White Pea Bean. A small round white bean of good quality and oh, what a producer. Pkt. 5c; ¼-lb 10c; lb 25c.

We will be glad to quote peck and bushel prices on beans which varies according to market conditions.

BEETS

Early Egyptian. Very early, flat, dark red, rather small, excellent flavor. Pkt. 5c; oz 13c; ¼-lb 35c; lb \$1.00 .

Early Blood Turnip. Early round dark red, of good quality and a big producer. Pkt. 5c; oz. 13c; ¼-lb 35c; lb \$1.00.

Eclipse. Medium early, round light color, very sweet. Pkt. 5c; oz. 13c; ¼-lb 35c; lb \$1.00.

Kelway's Perfect Model Globe. Medium size, perfectly round, very dark color, excellent flavor. We get it direct from Kelway's in England. Pkt. 10c.

Kelway's Barrel Shape. Another English variety. A long dark red with a blunt tip and excellent quality. Pkt. 10c.

Detroit Dark Red. Large late round dark red, fine quality, a big producer, and the best for winter use. Pkt. 5c; oz. 14c; ¼-lb 38c; lb \$1.10.

LEAF BEET or SWISS CHARD

Lucullus. Very fast growing, large, tender leaves. Excellent for the table and great to grow for poultry. Pkt. 5c; oz. 13c; $\frac{1}{4}$ -lb. 35c; lb. \$1.00.
for winter use. Pkt. 5c; oz. 13c; $\frac{1}{4}$ -lb. 35c; lb. \$1.00.

MANGELS, or CATTLE BEETS

Golden Tankard. Very large oval yellow, an immense cropper. Oz 10c; $\frac{1}{4}$ -lb 20c; lb 60c.

Giant Rose Half Sugar. Very large, pink color, long oval shape, big producer and contains a high percent of sugar. Oz. 10c; $\frac{1}{4}$ -lb 20c; lb 60c.

Kirch's Ideal. For two years we have been importing a small quantity of this from Germany and it has proven so very fine in every way that we have a much larger shipment this year. It is a long barrel-shape root growing about two-thirds out of the ground; is not woody but very tender, and contains the highest feeding value of any Mangel we know of. Oz. 12c; $\frac{1}{4}$ -lb 30c; lb 90c.

Red Vilmorin. A large red mangel said to be extra fine. We imported a few pounds from Germany to try out. Oz. 15c; $\frac{1}{4}$ -lb. 35c; lb. \$1.00.

Red Eckendorf. A giant red from Germany which we also got for trial and have a small quantity to spare. Oz. 15c; $\frac{1}{4}$ -lb. 35c; lb. \$1.00.

BRUSSEL SPROUTS

If you like cabbage or cauliflower and have never sown Brussel Sprouts, you are missing something. Grow them as you do cabbage. Pkt. 5c; oz 45c.
For plants see page 16.

CRESS, or PEPPERGRASS

The fine leaves as a garnish and the pleasant sharp flavor make this a very good salad vegetable. Pkt. 5c.

CAULIFLOWER

We have the Snowball variety only as it is so superior to any other for our conditions. Is a sure header, good size, solid and white. We have both the early and late strains. Say which you want. Pkt. 15c; $\frac{1}{4}$ -oz. 60c; oz. \$1.90.

For plants see page 16.

CABBAGE

We handle over 300 lbs. of cabbage seed every year and are in a position to get the best that is grown. All our seed is "treated".

Early Wakefield. The best for extreme early. A pointed head of good size and quality. Pkt. 5c; oz. 30c; $\frac{1}{4}$ -lb 95c; lb \$3.00

Emerald Gem. This is a new variety we are trying out from England. Flat head, said to be extra early. Pkt. 10c.

Early Round Head. The earliest good round head. Large size, fine quality, excellent for home use or shipping. Pkt. 5c; oz. 35c; $\frac{1}{4}$ -lb \$1.00; lb \$3.25.

Copenhagen Market. We have an extra large heading strain of the best general purpose mid-season variety on the market. Pkt. 5c; oz. 35c; $\frac{1}{4}$ -lb 95c; lb \$2.75.

Golden Acre. We have a call for this so we list it, but for our own use consider our Early Round Head full as good if not better. Pkt. 10c; oz. \$1.00.

Late Flat Dutch. For size this is it, but for quality others are just as good. Pkt. 5c; oz. 30c

Savoy Early Dawn. Medium size, deep green, early. Firm but tender heads. Pkt. 10c.

Red Rock. Ours is the very dark, perfectly round hard heads, without the white veins in the leaves, and always brings the top price. Pkt. 5c; oz. 30c; $\frac{1}{4}$ -lb 90c; lb \$2.50.

Danish Ballhead Imported Short Stem. For 11 years we have been importing the same

strain which is especially noted for uniform size and shape, and large yield. Buy your seed early this year as the crop was short and supply is limited. Pkt. 5c; oz. 30c; $\frac{1}{4}$ -lb 90c; lb \$2.50.

For plants see page 16.

CARROT

Oxheart. Very early, stump rooted, fair quality. Pkt. 5c; oz. 13c; $\frac{1}{4}$ -lb 35c; lb \$1.10.

Chantenay. Large pointed good table carrot and good for stock. Pkt. 5c; oz. 12c; $\frac{1}{4}$ -lb 32c; lb \$1.00.

Danvers Half Long. Good size, good quality and good producer. Pkt. 5c; oz. 12c; $\frac{1}{4}$ -lb 32c; lb \$1.00.

Coreless. An early carrot of extra fine quality, nearly the same thickness from top to tip. Has no hard core or center; is very tender and crisp, yet grows to a good size. Pkt. 5c; oz. 15c; $\frac{1}{4}$ -lb 45c; lb \$1.35.

CELERY

Golden Self Blanching. Very early, sweet and tender. Fine for the home garden, but rather small for market. Pkt. 10c; $\frac{1}{4}$ -oz. 25c; oz. 75c.

White Plume. Easy to blanch, good quality, a fine keeper and good size. Pkt. 5c; $\frac{1}{4}$ -oz. 15c; oz. 40c.

Giant Pascal. Large stalks, tender, good flavor and a good keeper. Pkt. 5c; $\frac{1}{4}$ -oz. 15c; oz. 35c.

Paris Golden. Fine quality, very productive, good keeper, excellent for home or market. Pkt. 10c; $\frac{1}{4}$ -oz. 30c; oz. 80c.

For plants see page 16.

CORN

Leonard's Early. An extreme early white corn, coming ahead of the Cory and much better quality and larger ear. To come ahead of Bantam, this is what you want. Pkt. 5c; $\frac{1}{4}$ -lb 16c; lb 45c.

Golden Sunshine. This corn is very highly recommended to us as similar to Bantam but a little earlier and larger ears. Pkt. 5c; $\frac{1}{4}$ -lb. 12c; lb. 35c.

Golden Bantam. No description necessary. Pkt. 5c; $\frac{1}{4}$ -lb 10c; lb 28c.

Golden Evergreen. Very large ears, fine flavor, size of Evergreen; color of Bantam. In season to follow Bantam. Pkt. 5c; $\frac{1}{4}$ -lb 10c; lb 28c.

Black Mexican. Medium early, black kernels, very sweet and tender. Pkt. 5c; $\frac{1}{4}$ -lb 12c; lb 32c.

Country Gentleman. For real quality this has them all beat. Mid-season to late. A good producer, fine for home gardens. Pkt. 5c; $\frac{1}{4}$ -lb 12c; lb 32c.

Early Evergreen. This is earlier than the old Evergreen, but is the latest variety safe to grow here. Giant ears, very sweet and tender, and oh, what a producer. Pkt. 5c; $\frac{1}{4}$ -lb 10c; lb 27c.

Pop Corn Japanese Baby or Hulless. Small ears of very small kernels which pop out very large and white. Pkt. 5c; $\frac{1}{4}$ -lb 11c; lb 30c.

Pop Corn, White Rice. You all know what this is. Pkt. 5c; $\frac{1}{4}$ -lb 11c; lb 32c. Write for quantity prices.

FIELD and ENSILAGE CORN

Pyramid Yellow Flint. A very large ear, early, and a big producer. Write for prices.

Early Wonder Ensilage. Very early maturing with large stalks well eared out and abundant foliage and is unusually high in feeding value. Bu. \$3.75.

We have also bought from a grower, a few bushels of a very early maturing yellow flint corn. It is an extra large yielder. Write for prices.

CUCUMBER

Prolific Early. This is extreme early, medium size, smooth, crisp, fine flavor and an immense producer. We grow our own seed of this variety and for home use or local sales beats anything we ever saw but is a little small for shipping. Pkt. 5c; oz., 20c; $\frac{1}{4}$ -lb., 60c; lb., \$2.00.

Early Cluster. Medium size, very early, fair quality, fair producer, grown mostly for pickles. Pkt. 5c; oz. 15c; $\frac{1}{4}$ -lb 45c; lb \$1.35.

Early Fortune. Medium early, long type, dark green, fine shape, good producer and excellent quality. Pkt. 5c; oz. 16c; $\frac{1}{4}$ -lb 50c; & \$1.50.

Snake Cucumber. Long slim fruit, often 15 or 18 inches. Grows rather slim and is often twisted. Very fine flavor and crisp. Pkt. 5c.

White Spine. Large fine looking, crisp and tender. A big producer but a little late. Pke. 5c; oz. 16c; $\frac{1}{4}$ -lb 50c; lb \$1.50.

Davis Perfect Long Green. This is the improved Long Green, long, straight, smooth dark green fruit. A little earlier and a better producer than the old Long Green, and continues to bear right up to frost. Pkt. 5c; oz. 15c; $\frac{1}{4}$ -lb 45c; lb \$1.40.

ENDIVE

Moss Curled. Fine curled leaves which blanch white and turn very tender in the heart of the plant, making a delicious salad. Pkt. 5c; oz 13c.

Broad Leaf Batavian. Large, straight, thick leaves. Forms a large head which blanches white and is very fine. Pkt. 5c; oz. 15c.

French Whitlof. This makes a delicious winter salad. Grow the roots in summer as you would carrots, cut off the tops and store in a cool, dry place. In the winter plant in a box of soil in a warm cellar, putting straw or excelsior around the tops as they grow to blanch them. Pkt. 10c.

KALE

Scotch. Excellent winter greens. Pkt. 5c; oz. 20c.

KOHL RABI

A large bulb or ball shaped vegetable which grows on a short stem just above ground. Has the flavor of a turnip but is much milder and very tender. Pkt. 5c.

- White Bush Scallop.** Fine flavor, a delicious vegetable. Pkt 5c; oz. 17c; $\frac{1}{4}$ -lb 50c.
- English Marrow.** We had so much call for it that we sent to England and got some of the genuine English Marrow. Pkt. 10c; oz. 27.
- Cocozelle, Summer Asparagus, Italian Marrow.** Call it by any name and it is just as good. Long green striped summer variety, said to have the flavor of asparagus. Pkt. 5c; oz. 17c; $\frac{1}{4}$ -lb 50c.
- Delicious.** Hubbard shape, smooth skin, medium size, very fine grain and dry. For home use, extra fine but perhaps a little small for market. Pkt. 5c; oz. 18c; $\frac{1}{4}$ -lb 55c
- Golden Hubbard.** A yellow skin Hubbard, very popular with many people. Pkt. 5c; oz. 18c; $\frac{1}{4}$ -lb. 55c.
- Blue Hubbard.** Large size, rough, bluish gray skin. Excellent quality; a rival of the old warty Hubbard except for its color. Pkt. 5c; oz. 18c; $\frac{1}{4}$ -lb 55c.
- Giant Warty Hubbard.** Our seed comes from a grower making a specialty of this variety and is probably the best that can be grown. Very large size, fine flavor and an excellent keeper. Pkt. 5c; oz. 17c; $\frac{1}{4}$ -lb 50c; lb \$1.50.

TOBACCO

- Conn. Seed Leaf.** Very hardy, a rank grower, fine variety. Early. Pkt. 10c; oz. 50c.

TOMATOES

- Earliana.** Medium size, fair quality, extreme early, round, smooth. Pkt. 5c; oz. 35c.
- Benny Best.** Very early, round, smooth, medium to small. Pkt. 5c; oz. 35c.
- John Baer.** Early, smooth and a favorite with many. Pkt. 5c; oz. 35c.
- Burbank.** There may be better varieties than the Burbank but we have tried a great many and we have not found it. We got our seed originally from the originator, Luther Burbank, but for a number of years we have been growing our own, taking

special pains to select from the best early producing plants and perfect fruit. Medium size, fine flavor, mealy, round red, very early and continues to produce a big crop until frost. Pkt. 10c; oz. 65c.

Marglobe. A new variety said to be blight resistant. Mid season, large, round and, while we have never grown it, from all reports we feel safe in recommending it. Pkt. 10c; $\frac{1}{4}$ oz. 30c; oz. 90c.

Chalk's Jewel. Second early, round, smooth, big producer, good quality. A great favorite with many. Pkt. 5c; oz. 35c.

Favorite. Mid-season, a big producer and profitable variety to grow. Pkt. 5c; oz. 35c.

Stone. Large, meaty, solid, fine quality but a little late. Pkt. 5c; oz. 35c.

Baltimore. Large, solid, similar to Stone and we think a little better. Late. Pkt. 5c; oz. 35c

Dwarf Stone. Sometimes called Tree Tomato. If you have tried it and know, alright, but do not order on our recommendation. Pkt. 5c; oz. 35c.

Ponderosa. Extreme large, rough, wonderful quality and a big producer, its faults being rough and a little late. Pkt. 10c; oz. 50c.

Golden Queen. Large, meaty, fine flavor, late yellow. Pkt. 10c; oz. 60c.

Yellow Plum. Small yellow plum-shape, used for preserving. Pkt. 10c.

For plants see page 16.

TURNIP

Purple Top Milan. Summer turnip. Very early, flat, white, purple top. Much superior to the old Purple Top Strap Leaf which we have cut out. Pkt. 5c; oz. 12c; $\frac{1}{4}$ -lb 28c; lb. 80c.

Budlong's White Rock, or Breadstone. The best large white turnip for winter use; smooth, fine flavor and a good producer. Pkt. 5c; oz. 10c; $\frac{1}{4}$ -lb. 25c; lb. 80.

White Ruta Baga. Very large, big producer, best for stock and fair for table use. Pkt. 5c; oz. 10c; $\frac{1}{4}$ -lb. 25c; lb. 75c.

Improved American. Very large, yellow, fine flavor, excellent in every way and profitable to grow. Pkt. 5c; oz. 10c; $\frac{1}{4}$ -lb. 25c; lb. 85c.

For plants see page 16.

LAWN GRASS

Comet Park Mixture. Our lawn grass is not as cheap in price as some, but there is so much poor stuff sold that if it grows at all, produces a very poor lawn, so we get the very best to be had. If you want a good stand of grass and a good lawn, we can furnish the seed. If you don't care, then there is cheaper seed you can buy. $\frac{1}{4}$ -lb, 15c; lb. 50c.

Shady Nook. A special mixture for shady places. $\frac{1}{4}$ -lb 15c; lb 45.

For Sunflower Seed see page 13

FLOWER SEEDS

Our flower seeds we get some from Germany, some from England, some from California, and we grow some ourselves. Our list is not as large as some, but every variety listed has stood the test and is adapted to our soil and climate.

ASTERS

Queen of the Market. Very early medium size ball shape. The best early but not equal to the later varieties. All colors, mixed packet, 10c.

Royal. Second early. A large, round flower with broad, incurved petals. Mixed, 10c.

Crego, Ostrich Feather or Japanese. Mid-season, long stems on tall plants and a fine assortment of colors. Pkt. 10c.

American Branching. Large, round, incurved form, wonderful mixture of colors, long stems on tall plants. Pkt. 10c.

Early Beauty. These are classed as early, but in our climate are mid-season to late. Extra large flowers on long stems, running mostly to dark colors and white. Pkt. 15c.

California Single Giants. Very large, single, daisy-like flowers on long stems. They are in a wide range of colors and are a decided addition to our list. Pkt. 15c.

Heart of France. Large dark blood red. A wonderful color and free bloomer. Pkt. 15c.

Sensation. This is a medium size flower of a bright blood red on long stems. Excellent for bouquet work. Personally I like it better than Heart of France. Pkt. 15c.

Ball's White. Mid season, very full, round white blossoms. Probably the best white grown. Pkt. 15c.

Enchantress Pink. Large plants with small ball shape flowers in many unusual colors. Pkt. 15c.

Special Mixture. If you want flowers from the very earliest until frost, in all colors, this mixture will do it. We put in every kind we have. Pkt. 15c.
For plants see page 16.

ARCTOTIS

African Daisy, bushy plants with large daisy-like flowers on long stems. Lilac and white. Pkt. 5c.

AGERATUM or FLOSS FLOWER

Mexicanum. A fine low growing border plant covered with feathery blue flowers. Pkt. 5c.

Golden River. With bright yellow flowers. Pkt. 10c.

ALYSSUM

A fine dense growing low border plant which is a mass of white all summer. Pkt. 5c.

BALSAM

Double Camelia Flowered. Covered with brilliant flowers all summer. Fine for bedding or to cut. Pkt. 5c.

CALLIOPSIS

Choice Mixed. A very free blooming flower and fine to cut, in all shades of yellow and orange, on long stems. Pkt. 5c.

CALENDULA

These are sometimes called Marigold, but the true Marigold is listed on another page. **Extra Fine Large Mixed.** Pkt. 5c; oz. 20c.

Orange King. Very large, full flowers of a deep orange color on long stems. Pkt. 10c.
For plants see page 16.

CANDYTUFT

Ours are the Giant White Hyacinth Flowered and with their immense clusters of bloom look like white hyacinths. Pkt. 5c.

CLARKIA

Very pretty and easily grown, delicate sprays in all shades of salmon and scarlet on plants about two feet high. Pkt. 5c.

CASTOR BEAN

A giant tropical-like plant with leaves often two feet or more across and plants four to eight feet high. Seed should be started indoors, one in a pot, and put outside when danger of frost is past. Pkt. 10c. Oz., about 30 seeds, 25c.

For plants see page 16.

CENTAUREA

Cyanus or Batchelor Button. Double in all colors, and everyone knows the beauty of this old favorite. Pkt. 5c.

Imperialis or Sweet Sultan. Large, fragrant fringed flowers on long stems. Ours are grown in Germany and are very fine. Pkt. 10c.

Americana. Large, feathery flowers of light lavender, fine. Pkt. 10c.

For plants see page 16.

CALIFORNIA POPPY

With its finely cut foliage and its showy saucer shaped bloom in all shades of red, yellow and orange, these are a sight to behold. Pkt. 5c.

CELOSIA

Cristata or Crested Coxcomb. A very showy plant with immense stiff bloom, resembling an immense cox comb. Pkt. 10c.

Plumosa or Plumed Coxcomb. The flowers are in the form of a handsome upright plume, in all shades of red and yellow. Pkt. 10c.

For plants see page 17.

COSMOS

When you get Cosmos seed be sure and get the early variety as the later ones are absolutely worthless here. The later seed is much cheaper and is sold by many dealers, but will not bloom here before frost. Ours is the early giant in all colors. Pkt. 10c.

For plants see page 17.

CHRYSANTHEMUMS

These are a very handsome showy flower on good stems and are excellent cut. Should be started early in doors. Pkt. 10c

For plants see page 17.

CARNATIONS

CHABAUDS GIANT DOUBLE—These are a new type of very large double flowers, fragrant and on long stems. Must be started in doors very early. Pkt. 20c.

For plants see page 17.

DAHLIAS

Raise your own Dahlias from seed. It is very interesting as you will get all kinds, single and double, and in all colors. Pkt. 20c.

DIDISCUS or BLUE LACE FLOWER

This delicate blue flower has in a short time become very popular. The lacy clusters on long stems are wonderful for bouquet work and will bloom all summer. Pkt. 10c.

GODETIA

Ours is a very choice strain of the best German Dwarf variety. Pkt. 5c.

GYPSOPHILLA, or BABY BREATH

No garden is complete without a bed of these feathery white sprays to mix with other flowers. Plant a few every two weeks all summer and have them from June until frost. Pkt. 5c.

GERANIUMS

Zonale. All shades and colors. Nothing is more interesting to grow in the house. We grow hundreds of seedlings every year and have produced some very handsome new varieties. Pkt. 25c.

KOCHIA, or SUMMER CYPRESS

Also called burning bush, but under any name is a beautiful hedge plant. Feathery green foliage all summer, in the fall turning a vivid red. Pkt. 5c.

LARKSPUR

This is the annual variety. The Perennial Larkspur or Delphinium you will find listed under perennials. Very easy to grow and one of the showiest garden flowers, either for bedding or to cut. Can be started outside but we like to start it in doors and transplant. Pkt. 10c.

For plants see page 17.

LUPINES

We have an extra fine strain of these showy flowers. Pkt. 10c.

MARVEL OF PERU, or FOUR O'CLOCK

An old-fashioned saucer-shaped flower in all colors. Pkt. 5c.

MIGNONETTE

Ours is the giant, very fragrant variety. Pkt. 10c.

MARIGOLD

Tall African. Plants about 30 inches high with ball shape double golden yellow flowers on long stems. Pkt. 5c.

Dwarf French. These plants are not quite so tall and have smaller flowers running to darker shades. Pkt. 5c.

For plants see page 17.

NASTURTIUMS

TALL MIXED—Ours are very large flowers in a wonderful range of colors and for covering an old fence, stone pile or trellis and to furnish more flowers all summer than you can use, nothing equals them. Pkt. 5c; oz. 12c; $\frac{1}{4}$ -lb. 35c.

DWARF MIXED—These are low growing and for a dazzling mass of color can not be beat. Pkt. 5c; oz. 12c; $\frac{1}{4}$ -lb. 35c.

NIGELLA, or LOVE-IN-A-MIST

A very pretty, dainty blue flower, fine for cutting with its long stems and delicate foliage. Pkt. 10c.

PETUNIAS

We have taken special pains and expense this year to procure some exceptional Petunia seed as our trade demands it.

Elk's Pride. This is the plain edge "Balcony type", immense size, blackish purple. Pkt. 25c.

Rosy Morn. Beautiful carmine pink, compact type plant, very fine. Pkt. 25c.

Giant California Fringed Single. The largest grown. Wonderful colors. Pkt. 25c.

Giant California Double Fringed. The greatest Petunia grown. Pkt. 50c.

For plants see page 17.

PORTULACA

A low growing plant which is a mass of gorgeous saucer-shaped flowers, all summer.
Pkt. 10c.

PANSIES

SPECIAL GIANT MIXED—Very large flowers and a blaze of color. One of the best strains grown. Pkt. 10c.

GIANT MASTERPIECE—This is the giant ruffled type which makes them look almost double. Pkt. 15c.

For plants see page 17.

POPPIES

Giant Double Mixed. A wonderful sight and can be used with fine effect as a cut flower. All colors mixed. Pkt. 5c.

Improved Shirley. The most delicate coloring and the most beautiful shades imaginable are found in the Shirleys. Pkt. 5c.

PHLOX DRUMMONDII

For a low growing mass of color, nothing equals the phlox. Ours are the large flowered kind. Pkt. 10c.

SALPIGLOSSIS

These brilliant velvety cup shape flowers are a sight to behold. They are easy to grow, but rather slow starting and the plants are very small, so be careful not to cultivate them out. We like to start them in a box and transplant. Pkt. 10c.

For plants see page 17.

SCABIOSA, or MOURNING BRIDE

Sometimes called Pincushion Flower. Round full double flowers in all colors on long graceful stems. Fine to cut. Pkt. 5c.

STRAWFLOWER

A very pretty flower in the garden but, best of all, can be cut and dried and will hold their color for years. Giant size in all colors. Pkt. 10c.

SUNFLOWER

Mammoth Russian. The giant single sunflower. Pkt. 5c. Oz. 10c. $\frac{1}{4}$ -lb 20c. 1 lb 45c.

SNAPDRAGON

Ours are the giant flowers on tall plants and nothing is more beautiful. Pkt. 10c.

SWEET PEAS

We do not have a long list of Sweet Peas, but every variety listed is good.

SPENCERS—

King White. Very large flower, pure white.

Countess Spencer. Rose pink, one of the best.

Orchid. Lavender pink, a free bloomer.

The President. Dazzling orange scarlet.

Crimson King. A deep, rich crimson.

Royal Purple. A very large, deep, rich purple.

Cherub. Deep, cream-edged rose.

Valentine. A soft shell pink.

Any of the above, 10c per pkt., 35c per oz.

Choice Mixed Spencers. A very fine collection of the best. Pkt. 5c; oz. 20c; $\frac{1}{4}$ lb. 65c.

We do not carry the separate colors in the early flowering as we find practically no sale for them, but for those who want a few early flowers before the Spencers come on, we have the Early Mixed. Pkt. 5c; oz. 10c; $\frac{1}{4}$ -lb. 35c.

SWEET WILLIAM ANNUAL

This new Sweet William will bloom from seed the first year and generally will live over to the second year. Pkt. 10c.

SALVIA

We grow a great many Salvia plants and as many of our customers have asked for the seed, we are listing it. Pkt. 10c.
For plants see page 17.

SNOW ON THE MOUNTAIN

A very ornamental white foliage plant growing about 18 inches high. Fine for a border and very nice to cut with other flowers. Pkt. 10c.

VERBENAS

For a bedding plant nothing seems to take the place of the Verbena and we have the giant size flowers in all colors. Pkt. 10c.

For plants see page 17.

ZINNIAS

We are especially proud of our Zinnias which we get from a grower who is recognized as the greatest Zinnia specialist in the world.

Giant Dahlia Flowered. Tall growing plants with immense flowers resembling the large dahlias, all colors from the most vivid scarlets and purple to the delicate cream and pink. Pkt. 20c.

Giant Double Mixed. This is an excellent strain superior to the best offered by many dealers. Fine colors and long stems. Pkt. 10.

Dwarf Lilliput or Bedding. Dwarf growing plants with small very double flowers, and for bouquets they are fine. Pkt. 10c.

For plants see page 17.

WILD FLOWER GARDEN

This is a mixture of all kinds of flower seed from Germany. You will find many kinds of flowers you never saw before. Pkt. 10c. Oz. 35c.

CLIMBING VINES

IPOMOEA

Heavenly Blue. Similar to morning glory in shape but much larger and a vivid blue. One of the best climbers. Pkt. 10c.

Imperialis. Also called Japanese Morning Glory. Same type flower, but much larger and finer colors. Pkt. 10c.

MORNING-GLORY

To cover that old fence or wall this is what you want. Pkt. 5c. Oz. 15c.

CLIMBING NASTURTIUMS

See page 12.

WILD CUCUMBER VINE

A pretty fastgrowing vine with feathery white bloom and prickly seed pods. Pkt. 10c; oz. 25.

SCARLET RUNNER BEANS

A very pretty vine to cover wall or trellis. We put up the seed either all pink, all white, or mixed. The dry seed can be used as "lima beans". Pkt. 5c; ¼-lb 20c.

PERENNIAL FLOWER SEEDS

For Perennial Plants see page 18

As the planting of perennials is becoming more popular every year and many people desiring to grow some of their own plants from seed, we are listing a few of those which are easiest to start and will give you the best results.

SWEET WILLIAM

We have an excellent mixture, both single and double in beautiful colors. Pkt. 10c.

PLANTS

We grow thousands of plants in our greenhouses, both house plants and early stock for outside planting. We list here those varieties which we grow in quantity and for which there is a greater demand, but we have many others in small quantity and if you do not find what you want listed, let us know. If we haven't got it we may be able to help you get it.

All of our spring seedlings grown under glass are transplanted so as to make them stocky and our Field Grown are sown thin so as to give them a good chance to develop.

If you want a quantity and will place your order early, we will be glad to quote "Special Growing Contract Prices".

DELIVERY COST

The prices quoted below are for plants at the greenhouse. With all orders for transplanted plants and seedlings add ten cents for packing and postage regardless of size of order, whether it be one plant or a thousand.

For all plants from Veneer boxes, or pots up to 3 inch, add fifteen cents for any number to 25. Large plants and over 25 small ones will be sent by express collect.

—SPECIAL—

We are offering this year for the first time, two of our own seedlings. We only have a limited number as they are varieties that are sure to become very popular and we must keep a good number to propagate from.

DAINTY—A pure white semi-double, the edges of the petals being marked a bright rose pink. We call it Dainty because that just describes it. 2-in. plants, 50c each.

STRAWBERRY—That is what we call it now but are going to give it a different name when we can find one that just suits it. A semi-double vermillion streaked with white. Of these also we will sell but a limited number of 2-in. plants at 50c each.

In addition to the varieties listed, we have a great many more single and double in all

colors, but not enough of a kind to catalog. These are 10c each, \$1.00 per doz. for the 2-in. size; 3-in. 15c to 25c each, \$1.50 to \$2.50 per doz.; 4-in. 25c to 50c each, or \$2.50 to \$5.00 per doz.

FLOWERING PINK BEGONIAS—From 3-in. pots, 25c each; 4-in. pots, 35c to 50c each.

PRIMULA OBCONICA—An excellent house plant. From 4-in. pots, 50c each.

ASPARAGUS PLUMOSUS FERNS—From 3-in. pots, 25c each.

ASPARAGUS SPRENGERII FERNS—From 3-in. pots, 25c each.

We are starting a fine lot of house plants such as Ferns, Begonias, Cyclamen, Primrose and many others, and early in the Fall expect to issue a special catalog of these. If you are interested send your name for a copy.

PELARGONIUMS—We have a wonderful lot of Pelargoniums or Lady Washington Geraniums as many call them. We make a specialty of these, growing many seedlings and have produced some beauties. We get from 30c to \$1.50 each.

PERENNIALS

Achillea the Pearl. Small double white flowers, excellent for the garden or to cut, will stay in bloom all summer. 1-yr. plants, 15c; 2-yr. size, 25c.

Anthemis Kelwayii. A sturdy low growing plant with fine cut foliage and daisy-like yellow flowers, excellent for a border or to cut during July and August. 1-yr. plant, 15c; 2-yr. size, 25c.

Astilbe Chinensis. Sometimes called Chinese Goats Beard, has fine cut foliage and feathery plumes of upright pink flowers. 25c each.

Astilbe Japonica. Similar to the last but with upright plumes of white. 25c.

Aquilegia, or Columbine, or Bush Honeysuckle. Ours are the very choicest long spurred in the most delicate colors grown from the best seed we can get which we import direct from England. 2-year size, 25c.

Canterbury Bell. We have some excellent plants in mixed colors of this old favorite for 20c each; \$2.00 per doz.

Coreopsis. Invaluable either as a cut flower or for the garden, with its bright yellow flowers on long stems from June until frost. 1-yr. plants, 15c; 2-yr. size, 25c.

Delphinium Belladonna—Tall growing light blue. One year plants, 15c; 2-yr. 25c.

Delphinium Bellamosum—Tall growing dark blue. One year plants, 15c; 2-yr. 25c.

Funkia Variegata. An excellent border with its variegated green and white lily-like foliage and lavender bloom. 15c.

Foxglove. Nothing sets off a perennial garden quite like the tall stately spikes of the Foxglove with its spotted bell shaped blossoms. We have both the tall mixed Grandiflora and the spotted yellow. Either variety in 1-yr. plants, 15c; 2-yr. 25c.

Gaillardia, or Blanket Flower. A large daisy-like flower, combining yellow, wine red, maroon and crimson on the same flower. Fine for the garden or to cut, from July until frost. 2-yr. plant, 25c.

Gypsophilla, or Babybreath. Not very showy alone, but we simply must have it to cut and mix with other flowers. 2-year size, 25c.

Golden Glow. No description necessary but if you want a quantity of bloom or to hide some unsightly place, this is what you need. Good large clump for 15c.

Hardy Pink Mixed—Very free blooming, delicate colors. Excellent to cut or for a border plant. 1-yr. plant, 15c; 2-yr., 25c.

Hardy Pink Double White—Pure white, an excellent bloomer, excellent to cut or for a border plant. 1-year size, 15c; 2-yr., size, 25c.

Helianthus—Plant grows about five feet high and all summer is covered with blossoms on long stems resembling a mammoth ox eye daisy, very showy and fine to cut. Two year plants, 25c.

Heleborus, or Christmas Rose. We make a specialty of these pretty and curious plants. The coarse, deep green, deep-cut foliage makes a pretty clump all summer, but early in the fall they commence to bloom and are covered all winter with a pretty waxy, pinkish white flower like a single rose. We often go out and dig the snow away to gather them. 50c per plant.

Giant Double Hollyhocks—Our double Hollyhocks are extra fine, very large flowers on strong plants and in nearly 20 different colors. 1-year plants, 15c; 2-yr., 25c.

- Physalis Franchetti, or Chinese Lantern Plant.** A very peculiar plant, having large balloon shape pods the full length of the stem which is sometimes nearly three feet long with a dozen pods which turn a bright red in the fall. They can be gathered and will hold their form and color for years. 20c per plant.
- Polyanthus, or Hardy Primrose.** A low growing ornamental plant, the first to bloom in the spring in a wide range of colors from creamy yellow to deep primrose and almost purple. These do not come true to color from seed so our plants are mixed. A good clump for 25c. A smaller one for 15c.
- Pyrethrum, or Painted Daisy.** With their dainty fine cut foliage, extreme hardiness, early and long season of bloom, these daisy-like flowers in all shades of pink and red are one of the most valuable we have. We often have them for Memorial day and from then well into July. 2-year size, 25c.
- Spirea Fillipendula.** Low growing fern-like foliage from which springs a spike about 18 inches high with a plume of creamy white fine flowers. Good cut or excellent in the bed. 25c per clump.
- Scabiosa**—A very delicate lavender clover like flower on long stems. Blooms nearly all summer and is fine to cut. 2-year, 25c.
- Shasta Daisy.** These immense daisies often six inches across, are certainly a sight to behold and either for cutting or the garden are what we want. 1-yr. size, 15c; 2-yr. 25c.
- Sweet William.** One of the oldest and still one of the most popular of our garden flowers. With their extreme hardiness, adaptability to so many uses, and long season of bloom, they should be in every garden. Ours are single and double mixed in a wide range of colors and peculiar delicate markings. 1-yr. plants, 15c; 2-yr. 25c.

FRUIT TREES and BERRY BUSHES

We have found with the great amount of labor required in growing and handling our other stock that, for this year at least, we shall be unable to handle fruit and berry bushes. We have a few good fruit trees on hand and we hope by another year to be able to contract with some good grower to supply us with berry bushes of a satisfactory quality.

ORNAMENTAL NURSERY STOCK

We are going to devote more time and attention to this line and shall put out only stock of the very best quality. All nursery stock will be shipped by express charges collect. The prices quoted below being at our nursery.
